

Eleven times one is 11<br><br>

Twelve times one is 12<br><br><br><br>

<font color=red><h2>We write 1 times table as: </h2></font>

$1 \times 1 = 1$ <br><br>

$2 \times 1 = 2$ <br><br>

$3 \times 1 = 3$ <br><br>

$4 \times 1 = 4$ <br><br>

$5 \times 1 = 5$ <br><br>

$6 \times 1 = 6$ <br><br>

$7 \times 1 = 7$ <br><br>

$8 \times 1 = 8$ <br><br>

$9 \times 1 = 9$ <br><br>

$10 \times 1 = 10$ <br><br>

$11 \times 1 = 11$ <br><br>

$12 \times 1 = 12$ <br><br><br><br>

Let us follow the how to read and write multiplication of 1 times table chart: <br><br>
