

Numbers

In numbers we need to count and follow the numbers and then join the numbers in the correct number order to complete the picture. Here we mainly need eye-hand coordination and observation to draw the picture and maintain the number order.

We will enjoy coloring the pages after joining the numbers from 1 to 10. Parents and teachers can also encourage and guide the kids to count and join the dots and then color the picture. It should create a joyful learning environment. Math-Only-Math is based on the premise that children do not make a distinction between play and work and learn best when learning becomes play and play becomes learning.

Let's follow the numbers and join the dots and then color the picture colorfully according to your choice:

Free kindergarten math printable worksheets have been graded systematically to help children progress naturally.
