

Counting Numbers from 1 to 50

In counting numbers from 1 to 50, recognize the numbers, count and then join the numbers in the correct number order. Here we mainly need eye-hand coordination to draw the picture and maintain the number order.

We will enjoy coloring the pages after joining the numbers from 1 to 50. It should create a joyful learning environment. Math-Only-Math is based on the premise that children do not make a distinction between play and work and learn best when learning becomes play and play becomes learning.

Let's learn to join the lines according to the order of the numbers from 1 to 50 and then color the bird colorfully according to your choice:

Free kindergarten math printable worksheets have been graded systematically to help children progress naturally.
